Mr. Minister,

Thank you for your time during your visit October 4, 2019. Please accept this letter as confirmation of our discussions, as continued more recently this week:

The control panel is nearly complete and will be ready to ship on or before October 31, 2019. As discussed, we can make our Field Service Technician available to assist in the installation.

We're working toward having the scrubber system complete first quarter, 2020. I'll keep you advised of progress.

As you know, we have enjoyed a mutually successful relationship with the B.V.I. for more than thirty years. We appreciate our long standing relationship and ensure you that we are committed to our continuing support for the facility.

Sincerely yours,

Consutech Systems LLC
