New Release

The Eslyn Henley Richiez Learning Centre is embarking on a special event at our school, 'Mr and Miss Eslyn Henley Richiez Learning Centre'. The purpose of this initiative is to have student ambassadors who will represent the school for the 2023- 2024 school year.

Each parent was given the opportunity to enlist their child in this event. Nine students entered '3 girls and 6 boys'. Parents were given a letter and a sponsor sheet from the school to solicit funds from the community, with each vote valuing \$1.00. The funds received will help to go towards activities at the school such as field trips in the territory and overseas.

Co-sponsors were identified to offer their support through monetary donation, gifts of kind, gift certificates or through any other gesture.

At our Award Ceremony on Tuesday 20th June, 2023 at 1pm, the male and female student who received the most votes will be crowned Mr & Miss E.H.R.L.C. and will therefore represent the school.

Each participant will be awarded in a tangible way during the Award Ceremony. Also Mr. & Miss E.H.R.L.C. will receive special awards during the school year.

Our school provides quality special education; emphasising individual growth, self-esteem and respect for all, our students in turn will become accepted and productive citizens of the community.
