As an authorized driver of a Government vehicle, you have been given certain privileges. You assume the duty of obeying all motor vehicle laws, maintaining the vehicle properly at all times and, otherwise, following the policies and procedures outlined in the following.

---

### **Vehicle Fleet Purpose** (*Vehicles retained by Facilities Management Unit*)

Government vehicles are provided to support the business activities of the Government and are to be used only by qualified and authorized public officers. They are not to be considered a part of an employee's compensation and must not be used as an inducement for employment. In all cases, these vehicles are to be operated in strict compliance with the motor vehicle laws of the Virgin Islands, and with the utmost regard for their care and cost-efficient use.

### **Obtaining Permission to Use Fleet Vehicles**

In order to use a Government Fleet Vehicle, a Vehicle Request Form stating the purpose for which the vehicle will be used must be completed and signed by the driver's immediate supervisor. The form must then be presented to an authorized Facilities Management Officer, who will then carry out an inspection of the vehicle in the presence of the driver. An authorized Facilities Management officer will also conduct an inspection upon the return of the vehicle to the Facilities Management Unit. Vehicles must be returned to the Facilities Management Unit at the end of the work day unless otherwise authorized by the driver's immediate supervisor, Department Head, and the Facilities Manager.
