Preparation for Examinations

11. Candidates **should**:
 - (i) obtain or have access to the relevant syllabus so that they could follow the programme outlined in the syllabus. Electronic copies of syllabuses are available free of cost in the **CXC's** electronic store, <https://cxc-store.com>;

- (ii) practise responding to questions in **CXC's** past essay-type question papers (usually Paper 02s). Electronic copies of past papers are available in the **CXC's** electronic store, <https://cxc-store.com>;
- (iii) practise responding to questions in **CXC's** past Alternative to **SBA** question papers (Papers 3/2s), if they are private candidates and registered for the Alternative Paper to **SBA**. Electronic copies of past papers are available in the **CXC's** electronic store, <https://cxc-store.com>;
- (iv) visit the FREE online interactive portal for students, <https://notesmaster.com/> to access additional content on subjects. The content on the portal is presented under discrete headings for **CPEA**, **CCSLC**, **CVQ**, **CSEC** and **CAPE** syllabuses. This was created by educators in the form of Notes, Images, Animations and Video to tap every learning style and assist you in better understanding the subject area.

12. Candidates **must not**:

- (i) practice responding to past **CXC** Multiple Choice question papers (usually Paper 01s);
- (ii) come into contact with “live” **CXC** question papers (examinations not yet administered) either wittingly (intentionally) or unwittingly (unintentionally);

Components of Examinations

13. All **CCSLC** subjects carry an **SBA** component and a Multiple Choice component.

14. All **CSEC** subjects carry a written component. Most of the subjects carry an **SBA** component and a Multiple Choice component. A few subjects carry a practical component external to the **SBA**. French, Portuguese and Spanish carry an oral component.

15. The **CSEC** subjects that do not carry an **SBA** component are French, Portuguese and Spanish. Human and Social Biology carries an **SBA** component from June 2022.

16. All **CSEC** subjects carry a Multiple Choice component except Visual Arts.

17. The **CSEC** subjects that carry a practical component external to the **SBA** or written component are Music (Paper 02), Physical Education and Sport (Paper 02) and Theatre Arts (Paper 02). The Alternative Paper for **CSEC** Biology, Chemistry, Integrated Science and Physics carries a practical component.

18. The **CSEC** subjects that carry the Alternative Paper to **SBA** (for private candidates only) are Additional Mathematics, Biology, Caribbean History, Chemistry, Economics, English A, English B, EDPM, Geography, Human and Social Biology, Information Technology, Integrated

Science SA, Mathematics, Office Administration, Physics, Principles of Accounts, Principles of Business, Social Studies and Theatre Arts.

19. The CSEC Human and Social Biology Alternative Paper 3/2 is new for 2022.

20. All CAPE subjects carry an SBA component and a written component. ALL CAPE subjects carry a Multiple Choice component. A few subjects have a practical component external to the SBA. Communication Studies, French and Spanish carry an aural/oral component.

21. The CAPE subjects that carry a practical component external to the SBA or written component are the Paper 03/2s in Biology, Chemistry and Physics.

22. The CAPE subjects that do not carry the Alternative Paper to SBA option are Agricultural Science, Animation and Game Design, Art and Design, Building and Mechanical Engineering Drawing, Electrical and Electronic Technology, Food and Nutrition, Performing Arts, and Physical Education and Sport. Private candidates desirous of writing these examinations must complete the SBA requirements.

23. CAPE Computer Science U1 and U2 Alternative Papers P3/2 have been introduced from 2022.

24. CAPE Design and Technology U1 and U2 are new subject offerings for 2022. They both carry P1 and P2 components.

25. All CPEA subjects carry an SBA component and a Multiple Choice component.

Registering for Examinations

26. In order to write examinations offered by CXC, candidates must be registered at one of the official examination centres. Prospective candidates should contact the Ministry of Education (OEC in the case of Jamaica) about the names and locations of the examination centres.

27. Candidates are permitted to register at more than one examination centre during any given sitting. Candidates will receive a separate registration number for each centre. On the award of a grade, candidates will receive a certificate from each centre.

28. Candidates should contact a local examinations authority about the deadline dates for registering for examinations. The registration deadline dates published by CXC are normally different from those set by the Ministry of Education in each territory. **Candidates must be guided by the deadline dates given by the Ministry of Education (OEC in the case of Jamaica).**

29. It is recommended that candidates use, at the time of **first registration**, the names given on their birth certificates. The name used at registration time will appear on the candidate's certificate.

30. The format of the date of birth used by CXC is day, month, year (**dd/mm/yyyy**).

31. A candidate's registration number consists of 10 digits. Digits 1-6 comprise the centre or school code; digits 7-9 comprise the candidate's sequence number; digit 10 is a check digit which is computer-generated.

32. **Candidates who have written CXC's examinations at a previous sitting, must register with the same name format as that provided at the earlier sitting. If a candidate registered as John Marc Brown at one sitting, that is the name he MUST use at all subsequent sittings. The candidate must not register as John M Brown, John Brown or any other variation in the name at a subsequent sitting. Candidates who do not follow this directive may be required to pay an Amendment Fee to get their names converged as one name.**

33. Candidates who have written **CXC's** examinations at a previous sitting should provide the person responsible for the keying of the registration data with the candidate number given to them at the earlier sitting. If they have more than one candidate number, then the number from the most recent May-June sitting should be provided. The Unique Candidate Number (**UCN**) is the preferred number that should be provided by candidates who have written examinations at the May-June 2013 **CCSLC**, **CSEC** and **CAPE** sitting or after – see paragraphs 52 and 53.

34. It is necessary for candidates to provide exact details of their previous registration data in order for **CXC** to track their performance over a number of sittings or years. If the performance of a candidate is not linked from one sitting to another, the candidate would not be eligible to:

- (i) carry forward his/her **SBA** marks from one sitting to another;
- (ii) receive a **CCSLC** certificate, a **CSEC** Business Studies certificate, or a **CAPE** Diploma/**CXC**[®] Associate Degree if the examinations were done over more than one sitting.

35. When candidates register for examinations, they should ask the person carrying out the registration to provide them with a printout of the personal and subject details keyed into the registration system. The details can be found in a report called "Subjects Registered" in the **Student Portal**, <https://ors.cxc.org/studentportal/>. Candidates should review the printout to ensure that all details have been entered correctly. Any errors should be brought immediately to the attention of the person responsible for entering the data or the appropriate authority.

36. Candidates must be registered as "Resit" for the particular subject if they are re-using **moderated SBA** marks attained at a previous sitting. When candidates are registered as "Resit", they do not have to submit new **SBA** assignments or marks.

37. For **all CCSLC** subjects, the moderated **SBA** mark achieved, regardless of the level attained by the candidate, may be re-used on two separate occasions immediately following the first sitting. For example, if a candidate achieved a moderated **SBA** mark of 60 per cent in Mathematics at the June 2020 sitting, the candidate would be eligible to register as a "Resit" for that subject at the June 2021 sitting and/or the June 2022 sitting.

38. For **CSEC** subjects with an **SBA** component, the moderated **SBA** mark achieved, regardless of the level, may be re-used for one or all of the sittings within a two-year period following the first sitting. This will be effective for **SBA** marks first submitted at the May-June 2020 sitting. For example, if a candidate achieved a moderated **SBA** mark of 40 per cent in Biology at the May-June 2020 sitting, the candidate would be eligible to register as a “Resit” for that subject at **ALL** the sittings: the January 2021, May-June 2021, January 2022 and May-June 2022.

39. For **all CAPE** subjects, the moderated **SBA** mark achieved, regardless of the level attained by the candidate, may be re-used on two separate occasions immediately following the first sitting. For example, if a candidate achieved an **SBA** moderated mark in Physics Unit 1 at the May-June 2020 sitting, the candidate would be eligible to register as a “Resit” for Physics Unit 1 at the May-June 2021 sitting and/or the June 2022 sitting. Paragraphs 37-39 present the exceptions for the number of times the moderated **SBA** marks may be re-used.

40. There are seven **CAPE** subjects in which the **SBA** mark achieved in Unit 1 or Unit 2 may be **transferred** between the Units of the same subject. The subjects are Economics, Geography, History, Law, Literatures in English, Management of Business and Sociology. **If candidates complete the SBA in one Unit, they can opt not to complete the SBA in the other Unit.**

41. The re-use of the moderated **SBA** marks in the seven **CAPE** subjects in which the marks are transferrable between Units presents several scenarios. For example, a candidate who registers at the May-June 2020 sitting for Law Units 1 and 2, may opt to complete the:

- (i) **SBA** for both Units 1 and 2; or
- (ii) **SBA** for Unit 1 only and **transfer** the **SBA** mark to Unit 2, or vice versa.

42. If the candidate opted for (i) above, he/she may re-use the **SBA** marks for Unit 1 and Unit 2 to register as a “Resit” at the May-June 2021 sitting and/or May-June 2022 sitting. The candidate may also choose to **transfer** the higher **SBA** mark achieved in one Unit to the other at the May-June 2021 sitting and/or May-June 2022 sitting.

43. If the candidate opted for (ii) above, he/she will be eligible to register as a “Resit” for Unit 1 and as a “Transfer” for Unit 2 at the May-June 2021 sitting. At the May-June 2022 sitting, the candidate will also be eligible to register as a “Resit” for Unit 1 and as a “Transfer” for Unit 2. The **SBA** mark can be re-used up to four separate occasions immediately **following** the first sitting.

44. In order to provide guidance to **CCSLC**, **CSEC** and **CAPE** candidates about their moderated **SBA** marks, a note (#) is placed on the pre-slips issued indicating the subject/Unit(s) in which candidates **did not** achieve 50 per cent or more of the total moderated **SBA** marks. If the # sign is not placed next to a subject, it means that the candidate’s moderated score in that subject/Unit was 50 per cent or more.

45. To be eligible to write the Alternative Paper to **SBA** (Paper 03/2), the candidate must be registered at a private centre. Candidates registered at schools or other full-time educational institutions **are not** eligible to write the Alternative Paper. When candidates

register for the Alternative Paper, they **do not have to submit any SBA assignments/marks**. If in doubt, non-school candidates should check a local examinations authority to ascertain whether they are eligible to write the Alternative Paper.

46. Unlike moderated **SBA** marks, marks achieved in the Alternative Paper **cannot** be re-used at a subsequent sitting.

Personal E-mail Accounts

47. Plans are in place that require **ALL** candidates registering for **CCSLC, CSEC** and **CAPE** examinations to have a valid e-mail account. The candidates must not only have an e-mail account but must also ensure that the account is kept active by logging into it at intervals.

48. An e-mail address should be provided by the candidate to the person or institution that will be responsible for keying the information into the **ORS**. To validate the candidate's e-mail address keyed in the **ORS**, **CXC** will send a message to the candidate at the e-mail address given, and the candidate must respond to the message.

CXC-Assigned E-mail Accounts

49. The **ORS** automatically generates an e-mail account for each candidate registered. The candidate's credentials, a username and a password, will be created in the Subject Registered database in the student portal, <https://ors.cxc.org/studentportal/>

50. In order to access the e-mail account, candidates must logon to the URL <https://portal.office.com>. Candidates will be required to key their username and then the password.

51. Candidates who do not have a personal e-mail account may use the **CXC** e-mail account to access any correspondence sent by **CXC** to the account. It should be noted that the **CXC**-assigned e-mail accounts are not valid beyond a year after creation.

The Learning Hub

52. The **CXC** Learning Hub is an e-learning platform that provides learners with a single access point to multiple resources geared towards success in examinations. It supports teaching, learning and assessment of the **CXC** suite of offerings including **CPEA, CCSLC, CSEC, CVQ, CAPE** and **CXC-AD**. It includes resources that have been produced by **CXC**, mined from available Open Educational Resources (**OERs**), as well as resources produced by **CXC** external partners.

53. Some of the resources include study guides, interactive syllabuses, specimen papers, exemplars, subject reports, mark schemes and digital toolkits.

54. In order to access the Learning Hub, persons should use the URL <https://learninghub.cxc.org/>. Persons accessing the hub for the first time will be required to have a valid e-mail account and must *Sign Up* on the site in order to access materials.

Unique Candidate Number

55. An 11-digit Unique Candidate Number (**UCN**) is allocated to each candidate who registers for examinations offered by **CXC**. Only one **UCN** will be issued to a candidate for use across ALL levels (**CPEA**, **CCSLC**, **CSEC** and **CAPE**). The **UCN** serves candidates for their lifetime relationship with **CXC** and should be presented when candidates are registering for examinations. The **UCN** will be placed on the candidate's preliminary results slip and certificate.

56. Candidates will be required to use their 10-digit candidate number when taking paper-based examinations or electronic examinations.

Completion and Submission of SBA

57. Candidates are allowed to complete their SBA assignment in groups. The grouping of candidates should be done under the supervision and guidance of the relevant subject teacher.

Candidates' **SBA** marks and samples must be submitted by the school to **CXC** in an electronic format. Candidates should seek the guidance of the relevant subject teacher about the format in which the assignments must be presented for assessment.

The Student Portal

58. Candidates who register for any of the **CCSLC**, **CSEC** and **CAPE** examinations should be given permission by their centre to access the student portal, <https://ors.cxc.org/studentportal/>. The portal allows candidates access to their registration details (presented in the form of a Subject Registered Report), timetable and examination results. Centres have the option to block candidates from viewing their examination results.

59. Access to the Subjects Registered Report on the student portal should be available **from 15 November** in the case of the January **CSEC** sitting, **21 January** for the May-June **CSEC** and **CAPE** sittings, and **1 March** for the June **CCSLC** sitting.

60. To access the student portal, candidates require their centre number (six digits), candidate number (ten digits), last name and date of birth. In the case of candidates from Trinidad and Tobago, they may use their Birth Pin number instead of the candidate number for access to the portal. Candidates must also select the relevant examination sitting.

61. The student portal normally remains open to candidates until the end of **September** for the May-June sitting and the end of **April** for the **CSEC** January sitting.

Electronic Examinations

62. **CXC** offers electronic examinations (e-exams or e-tests) at its various offerings including, **CCSLC**, **CSEC** and **CAPE**. E-Exams are available for subjects with the MC component (Paper 01) and essay-type component (Paper 02 and Paper 3/2). Also, candidates will be allowed, under certain conditions, to 'bring their own **devices**' for use in the e-test.

63. A manual called “A Candidate’s Quick Guide to E-Testing” is available on **CXC’s** website, <https://www.cxc.org/e-testing-manual/>, to provide guidance to persons who may be interested in taking the e-exams. In addition, there are practice tests available on **CXC’s** website, <https://www.cxc.org/demo-etests/>, which seek to get prospective candidates familiar with the e-test platform.

Published Deadline Dates

64. Candidates should exercise caution when observing the various deadline dates published by **CXC** on its website, in the **CXC** Year Planner and in other publications. The deadline dates are normally applicable to the Ministry of Education and/or schools, unless otherwise stated. Candidates are advised to check the relevant local examinations authority to ascertain the deadline dates that should be observed.

Fees for Examinations

65. A list of fees can be found on **CXC’s** website, <https://www.cxc.org/about/examination-fees/>.

66. The Ministry of Education (**OEC** in the case of Jamaica) reserves the right to impose local fees in addition to the fees published by **CXC** in order to cover various administrative costs.

Refund of Examination Fees

67. There are special conditions under which the Council may refund a percentage of the examination fees paid by a candidate who did not write an examination. Candidates should consult a local examinations authority to find out those conditions. One condition for a refund is where a candidate had registered simultaneously at the January and May-June **CSEC** sittings in the same subject(s), and was subsequently successful at the January sitting. In such a case, 90 percent of the candidate’s Subject Fee(s) and/or Candidate Fee may be refunded. The request for refund **must** be submitted to the appropriate local examinations authority by 15 March following the release of the January results. Once the refund has been approved by **CXC**, the candidate will be ineligible to write the subject(s) at the May-June sitting.

Time of Examinations

68. Candidates should read their individual timetables carefully so that they would present themselves at the correct time on the day of the examination. **Candidates should read and be familiar with the notes for guidance at the back of their timetables.**

69. The candidates’ individual timetables for the January **CSEC** sitting are normally issued in the month of November of the year preceding the examinations, those for the May-June **CSEC** and **CAPE** sittings in the month of April in the year of the examinations and those for the June **CCSLC** sitting in the month of May in the year of the examinations. **It is against the Council’s regulations for candidates to write notes on their timetables or deface them.**

70. The usual starting time for examinations in the morning session is 9:00 am and in the afternoon session is 1:00 pm. Examinations may be held outside of these times, if indicated on the candidates’ individual timetables or determined by the local examinations authority.

71. Candidates are advised to report for examinations at least 30 minutes prior to the start of the examinations, **unless otherwise advised** by the relevant local examinations authority.

Candidates Who Arrive Late for Examinations

72. Candidates who arrive late (after the start of the examination) may be admitted during the first 30 minutes of an examination session. **Candidates who arrive after the elapsed of the first 30 minutes of an examination, WILL NOT be allowed to take the examination. The candidates will be marked "Absent".**

73. Candidates who arrive after the start of an examination **will not** be allowed extra time to make up for the time lost. The examination must end at the time prescribed on the timetable.

74. A candidate who presents himself/herself for an examination paper which has already taken place **will not** be allowed to write the examination.

Resolving Clashes on Candidates' Timetables

75. The Ministry of Education (**OEC** in the case of Jamaica) in each territory has the authority to resolve timetable clashes. Where two subjects offered by the Council clash on a candidate's timetable, the candidate should immediately consult the Principal or Head of the examination centre at which he/she has been registered to ascertain whether the clash can be resolved. If the clash involves a subject of another awarding body, no special provision exists in the Council's Regulations to resolve it. Candidates are advised to consult the master timetables on the website, <https://www.cxc.org/download-timetables/>, to avoid, if possible, registering for subjects that clash on the timetable.

Identification of Candidates

76. The invigilating staff must satisfy themselves as to the identity of EACH candidate.

77. Candidates attending a school or full-time institution **must**:

- (i) present themselves to the examination room in the school's uniform;
- (ii) produce, if requested, the relevant proof of identity such as one issued by a local examinations authority.

78. Candidates attending a private or part-time institution **must** produce the relevant proof of identity such as a passport, national identification card, or a certified photograph issued by a local examinations authority. A candidate **may not** be allowed to write an examination if he/she does not have proof of identity.

79. A female candidate wearing facial attire, whether for religious belief or custom, will be required to reveal her identity to a female member of the invigilating staff. The candidate may request to be taken to a private area or separate room before the attire is removed.

Once the candidate's identity has been established, she will be allowed to replace the attire before commencing the examination.

80. A candidate **must not** impersonate another candidate or allow any person to impersonate him/her in the examination room – see section on Penalties for Misconduct.

Dress Code

81. School candidates should wear their school uniform. Non-school candidates should report for examinations dressed moderately and smartly.

Examination Material to be Supplied by the Candidate

82. Candidates must provide their own pens (**black or dark blue**), pencils (for example, **3B** pencils to answer Multiple Choice questions), erasers, rulers, and where permitted for the specific examination: calculators, dictionaries and geometry sets. The use of fountain pens and gel pens is not recommended particularly for examinations where the candidate's script will be marked electronically (e-marked).

83. Candidates should liaise with their Art teachers about the materials that may be taken into the examination room for the **CSEC** Visual Arts and **CAPE** Art and Design examinations.
